Science

JOURNAL SCOPE

Founded in 1880 with the support of American inventor Thomas Edison, *Science* has grown to become the world's leading publication for cutting-edge research, scientific news, and commentary, with the largest paid circulation of any peer-reviewed general-science journal.

PUBLICATION FEATURES

- Original peer-reviewed **Research Articles**.
- **News and editorial coverage**, including Special Issues, Editorials, weekly news, and Perspectives on scientific developments written by scientists.
- **Reference links** to citations and related resources in MEDLINE/ PubMed, Web of Science, Scopus, Google Scholar, EMBASE, HighWire Press, and CrossRef.
- **Article citation** in Web of Science, Scopus, HighWire Press, and CrossRef.
- **Toll-free access** to all HighWire Press journal articles that are referenced in *Science*.
- **International in scope**, with corresponding authors from around the globe.
